

Motor Car Tramps Are Becoming Common In Vermont, Vagabonds Who Bum Rides on Motor Cars and Trucks Instead of Jumping Freights

CULBERSON HAS
APPARENTLY LOST
RE-NOMINATION

Texas Senator Running 16
Votes Behind

MAYFIELD NOW LEADING

Candidate in Front Credited with
Having Support of Ku
Klux Klan

Dallas, Texas, July 25.—Senator Charles A. Culberson is being led by more than sixteen thousand votes on the face of the latest returns of Saturday's democratic primary.

Former Governor James E. Ferguson seemed assured of being run off August 26 with Early Mayfield who now holds first place in the senatorial contest by 26,000 votes.

Mayfield was generally regarded as having the support of the Ku Klux Klan.

SECRETARY BLACK
SEEKS RE-ELECTION

Makes Official Announcement—No
Sign of Opposition to Present
Secretary of State.

Rutland, July 25.—Harry A. Black of Montpelier and Newport, secretary of state since 1918, who has been in this city on business connected with his office, left Saturday afternoon for Bellows Falls, but before he left Rutland he officially announced his candidacy for reelection to the office. He will be unopposed for the Republican nomination in the primaries as far as is known, having had no opposition in 1920.

When asked for a statement concerning his announcement, Mr. Black said:

"As far as I can see there is no cause for any statement. If elected, I shall continue the present policies of my office and if these have been satisfactory to the voters I shall appreciate their support. They may rest assured that I shall strive to honestly administer the duties of the office."

Secretary Black has made a reputation through the administration of the automobile department of the state which is conducted at his office. Many changes have been made in the laws and their enforcement and still more changes are planned. Some idea of the growth of the automobile business may be gained by the statement that during the year preceding the election of Secretary Black the receipts of the office amounted to \$398,000, while for the year of 1922 the receipts will be \$775,000, approximately three times the amount of business done four years ago.

Mr. Black is an attorney by profession, being in practice in Newport when first elected. He is married and has five sons.

JOHNNY WILSON REINSTATED

Middleweight Champion Was Sus-
pended in January.

Boston, July 25.—Johnny Wilson, middleweight champion, and Marry Killilea, his manager, yesterday were reinstated by the Massachusetts boxing commission. Wilson and his manager were suspended in Massachusetts January 5 following the action of the New York boxing commission in suspending the two when Wilson refused to meet Harry Greb of Pittsburgh in New York after Killilea had signed a contract for the bout.

At the hearing before the Massachusetts boxing commission Killilea presented the champion's side of the case, maintaining that the contract to meet Greb was illegal because it was signed under duress and violated the rules of the New York commission in certain phases concerning the posting of a guarantee.

As soon as the decision of the commission was announced Wilson is sued a challenge to Greb for a bout in this state.

WEATHER FORECAST

Fair tonight and Wednesday with
moderate temperature.

NO MORE GAS IN
STOMACH & BOWELS

If you wish to be permanently re-
lieved of gas in the stomach and
bowels, take Baalmann's Gas Tab-
lets which are prepared especially
for stomach gas and all the bad ef-
fects resulting from gas pressure.

That empty, gnawing feeling at
the pit of your stomach will disap-
pear; that anxious, nervous feeling
with heart palpitation will vanish
and you will again be able to take
a deep breath without discomfort.

That drowsy, sleepy feeling after
dinner will be replaced by a desire
for entertainment. Bloating will
cease. Your limbs and arms and fingers
will no longer feel cold and "go to
sleep," because Baalmann's Gas tab-
lets prevent gas from interfering with
the circulation.

Get the genuine, Baalmann's Gas
Tablets in the yellow package from
Gokay's Drug Store. Price one dol-
lar. J. Baalmann, Chemist, San
Francisco.—Advertisement.

CARS BEGIN RUNS
OUT OF BUFFALO TO
NIAGARA FALLS

May Company Operating Its
Automobile Lines

ALL VIOLENCE HAS ENDED

State Troopers Sent to Hornell
Where Disturbances Have
Taken Place

Buffalo, July 25.—The international
railway company, whose cars have
been on strike since July 1, today
sent out its first interurban cars
since the strike began. Two cars
ran over the line from here to Ni-
agara Falls.

Violence has practically ceased.
The detachment of the state con-
stabulary left here today for Hornell
where one man was killed and another
wounded Saturday in the railroad
yards. The detail was sent in re-
sponse to an appeal from Mayor Rob-
bins to Governor Miller.

'ROUND WORLD AVIATOR
HAS CRASH IN ASIA

Major Blake Escapes Injury, But Air-
plane Is Damaged in Fall
in Beluchistan.

London, July 25 (By the Associated
Press).—The airplane in which Major
Blake, British aviator, who is at-
tempting a round world flight,
crashed to the ground at Sibi, British
Beluchistan, Saturday says an Ex-
change Telegraph dispatch from Kar-
achi.

The aviator was not injured but
the under carriage of the plane was
smashed.

JAIL FOR FAKE MEDIUMS

Magistrate Declares War on Seance
Frauds.

New York, July 25.—Sincere spir-
itualists should be respected but fake
mediums who don white veils, and
their husbands who announce the
names of departed spirits through a
trumpet, get a \$100 fine apiece or
thirty days in the workhouse.

This was the decision reached yester-
day by Magistrate Simpson in
Tomb's court after listening to an ac-
count of a seance which Mr. and Mrs.
William B. Thompson were alleged to
have conducted recently. Thompson
claimed to have been acting as min-
ister to the First Spiritualist church.

The seance was conducted in rooms
alleged to have been rented to the church.

BAND CONCERT

Entertainment by Odd Fellows Band
at North Bennington.

The Odd Fellows Band will render
a concert at North Bennington this
evening. The program:

March—16th Regiment Band.

Overture—American Triumph.

March—Im Nobody's Baby.

March—Flowers of Wildwood.

March—Lilt.

Overture—American Federation.

Serenade—For You Alone.

March—Forward Onto Victory.

Star Spangled Banner.

BAN FOR CORN BORER

Quarantine Against Green Corn From
State of New York.

An inspector is in Bennington today
to warn local produce dealers that
there is a quarantine against the im-
portation of green corn from the state
of New York where the European
corn borer, one of the most destruc-
tive pests known to the department of
agriculture has been at work.

Green corn grown on Vermont farms
and in nearby gardens will be in the
market in a few days and there is no
good and sufficient reason why the
farmers in this locality should be sub-
jected to the danger that might arise
from imported corn.

NORTH BENNINGTON

The Radcliffe Chautauqua, will
come to North Bennington Aug-
ust 11, 12 and 14 and arrangements
are already in progress. There will
be a meeting of the guarantors at
Bank hall Wednesday evening at 8
o'clock.

Cuckoo Lays Eggs of Any Size.

For ingenious villany, the cuckoo
holds the prize among birds. It lays
eggs in the nests of other birds; then,
as soon as the young cuckoos hatch,
it lifts the other nestlings on its back
and throws them from the nest or robs
them of the food brought back by their
parents. The cuckoo seems to have
the ability to lay eggs of the same size
as those already in the nest, whether
they are large or small.

Fan Can Serve Two Purposes.

The big, wheel-shaped fan placed at
the top of the air shaft of a coal mine
for ventilating the mine is sometimes
designed for blowing air into the mine,
and sometimes for drawing it out.

41 BARRELS OF BOOZE
ON SALE; NO BIDDERS

New York, July 25.—Whisky
and gin—41 barrels of it—put on
the auction block in Brooklyn,
failed to find a single bidder at a
sale at noon yesterday by United
States Marshal Moore.

The sale was kept going from
noon until 1 o'clock and then again
until 2—but still no bidder was
buyer appeared. Mr. Moore said
he would apply for a permit to
destroy the liquor. Hospitals
had been expected to bid for the
liquor, but apparently all are
well stocked.

THROWN FROM FREIGHT
MOTOR AND KILLED

Uncontrolled Car Runs Wild and
Crashes Into Train at
Springfield.

Springfield, July 25.—Justice
J. Dooley, 47, superintendent of the
Springfield Electric Railway com-
pany, was killed yesterday afternoon
when he was thrown from a freight
motor which he was taking down to
help a four-car train up the grade
from the freight yards to Springfield
village.

Mr. Dooley was alone in the motor.
Railway men express the opinion that
he went inside the car, either to ad-
just the air or to replace the trolley
on the wire, and that he was thrown
from the side door when the motor
lurched going over some inequality
on the track. He struck a rock,
landing on his head. Death was in-
stantaneous.

The car, guided, plunged on
down the grade and passed out upon
the main line, crashing into the mo-
tor it was expected to assist. Both
motors were badly smashed. The
air tank of one was torn off. The
cars behind the up-bound motor were
also damaged.

TIGHT WRIST WATCH WARNING

Neuritis in the Fingers and Hands
Has Been Traced to the Pres-
sure on Nerves.

Be careful not to bind the strap of
your wrist watch too tight. Several
cases of neuritis in the fingers and
hands have been traced to this cause.
Dr. John S. Stophord tells in the Lan-
cet of a student who experienced tin-
gling pains along the inner borders of
the hand and in the little finger. These
had persisted for some time and caused
discomfort and anxiety. On examina-
tion a tender point was discovered on
the dorsal surface of the styloid pro-
cess of the ulna, and pressure in this
situation caused pain to radiate from
this point into the dorsal cutaneous
branch of the ulnar nerve. There was
no sign of paresis or atrophy of any
of the intrinsic muscles of the hand,
nor were any trophic changes found.

On investigating a cause for this lo-
calized neuritis the only possibility
appeared to be the wearing of a tight
wristlet watch, which clearly could
produce compression of the dorsal cu-
taneous branch of the ulnar nerve as
it curved round the lower extremity
of the ulna. On discarding the wrist-
let the discomfort gradually disap-
peared.

"Hopeless."

She can do about as she pleases,
this little mite of six summers. While
her Aunt Ellen heartily disapproves of
such "goings on" and never fails to
give some well-meant advice, even
she cannot always suppress a smile.
The assertive young person was play-
ing her mother's expensive victrola
and as the golden notes of Mme.
Galla-Curci's voice poured forth in
her famous "Dinorah" record, re-
marked: "Say, Aunt Ellen, how can
she sing like that?" Aunt Ellen
thought this a fitting occasion on
which to appeal to the child's better
nature and told her that God had be-
stowed this great gift upon the singer
at birth, under the tutelage of fa-
mous masters, it had been brought to
its present power. Expecting some
sweet childish response, she was com-
pletely taken off her guard at hear-
ing her young relative exclaim: "Gee,
God gave me some dizzy voice!"

Unusual.

A baby weighing only two pounds
and one ounce was born in a New York
hospital. It is described as the small-
est perfectly formed normal baby on
record. This baby's diminutive size
is due to some peculiarity of its plu-
viary gland, a pea-sized lump of tissue
at the base of the brain. That is
knowledge that has been discovered
within the last few years. Gradu-
ally we are learning about that
most intricate of all machines, the hu-
man body.

BULGARIA TOLD
TIME HAS COME TO
SETTLE CLAIMS

Allies Have Sent Demand for
Immediate Payment

\$7,720,000 IS REPORTED DUE

Large Sum Claimed under Terms
of Treaty Signed at
Versailles

Sofia, July 25. By the Associated
Press.—The allied reparations com-
mission has ordered Bulgaria to pay
immediately to the allies four billions
levas (normally seven million, seven
hundred twenty thousand dollars)
due to allies under the terms of the
peace treaty.

WED OR SETTLE, DANCER
TELLS YOUNG WHITNEY

Miss Fontaine Confident of Early
Meeting With Her Former
Sweetheart.

Los Angeles, July 25.—Marriage or
settlement.

That's the alternative which Miss
Evan Burrows Fontaine, classical dan-
cer, is offering to Cornelius Vander-
bilt Whitney whom she is suing be-
cause of his alleged promise to marry
her and the paternity of her 19-months-
old son, whom she named Cornelius
Vanderbilt Whitney, Jr.

Replying to reports from the east
that former State Senator Edgar T.
Brackett of Saratoga Springs had
withdrawn from the case, she declared
that she would engage a new attorney
immediately.

In the meantime "Sonny" Whitney
as the defendant in the sensational
suit is better known remains under
cover somewhere in Southern California.
Miss Fontaine, smiling enigmatically,
declared she did not know where
he could be located. She reiterated
her belief, however, that he would at-
tempt to see her to discuss a settle-
ment in defiance of his parents.

STRATEGY OF LEE EMPLOYED

Marshal Foch Says If General Was
Traitor He Wishes France Had
More of Them.

It is hardly to be wondered at that
the greatest soldier of the Twentieth
century should take occasion to pay
his tribute of admiration and affection
to the memory of one of the really
great commanders of modern times, a
soldier whose military genius was
easily equal by the purity of his pur-
pose and the splendor of his charac-
ter, says the Louisville Courier-Journal.

Soldier-like, Marshal Foch employs
few words in answering the anony-
mous "American Patriot" who had
telegraphed him at a Virginia town
that Robert E. Lee was a traitor.

"If Gen. Robert E. Lee was a traitor,"
said the marshal of France, "Napoleon
Bonaparte was a coward. If
General Lee was a traitor, I wish
France had more of them. He was
one of the greatest military leaders
the world has ever known."

In winning the World War, Ferdi-
nand and Foch leaned heavily upon
the shoulder of Robert E. Lee. It was
"the sword of Lee" that flashed on
every battlefield in France from the
first battle of the Marne to Armistice
day.

Lee's strategy, revived and employed
first by Joffre and later by Foch, held
the Hun along the French front, swift
to attack again, until at length the
Hindenburg line was pierced and the
enemies of civilization sued for peace.

In his estimate of Lee, Marshal
Foch takes his stand beside Viscount
Wolsley, of England, who declared
that Lee was "the greatest soldier
given to the world since the days of
Marlborough."

"Ice Saints."

In many parts of continental Europe
the idea has prevailed since the Middle
ages that the days dedicated to SS.
Mamertus, Pancras and Servatius—
May 11, 12 and 13—or, according to
another version, to SS. Pancras, Ser-
vatius and Boniface—May 12, 13 and
14—generally bring destructive frosts.
On account of this belief, which has
been the subject of much scientific dis-
cussion, both the saints in question
and their days in the calendar were
popularly known as the "ice saints."

Unusual.

A baby weighing only two pounds
and one ounce was born in a New York
hospital. It is described as the small-
est perfectly formed normal baby on
record. This baby's diminutive size
is due to some peculiarity of its plu-
viary gland, a pea-sized lump of tissue
at the base of the brain. That is
knowledge that has been discovered
within the last few years. Gradu-
ally we are learning about that
most intricate of all machines, the hu-
man body.

DANCER ARRESTED,
TO "APPEAR" IN COURT

New York, July 25.—Clara
Young, a dancer living in the
Richmond Hotel, Manhattan, was
arrested yesterday before Magis-
trate Lota in Flatbush court
charged with giving an immoral
dance in the Parkway Palace, 51
Ocean Parkway, Brooklyn. C. C.
Rich, proprietor of the place, also
appeared. Policeman Frank C.
Lemmon said Miss Young's lack of
attire shocked him. The dancer
offered to present her dance
in court.

Magistrate Lota thought pho-
tographs would do, but Miss
Young insisted that would not
do, so the Magistrate set August 1
as the date for the exhibition.

POWER CO. TO BUILD
PERMANENT TUNNEL

Extensive Addition to Original Project
Now Under Way in Town
of Whitingham.

In order to obtain the greatest pos-
sible hydro-electric development from
the great storage reservoir which the
New England Power Co. is having con-
structed on the Deerfield river just
south of Whitingham station, the com-
pany has just awarded the contract
for an extension of the 1,600-foot tun-
nel now being bored into the bank
of the river for diverting the flow of
the stream around the site of the dam
to give a dry bed for the construction
of the dam. The extension will be
about 13,000 feet long, or nearly two
and a half miles, and will add about
\$1,250,000 to the cost of the so-called
Whitingham project. The exact cost
of the whole project cannot be stated,
as the contracts are awarded on a
unit basis, but the estimate is around
\$7,000,000.

The Power Co. is to build an im-
mense earth dam on the Deerfield river
at Davis Bridge in the town of
Whitingham, which will change the
face of nature by covering the wood-
ed banks of the river northward to
the edge of Whitingham village. The
dam is to be built of earth and will
be 200 feet high and 1,200 feet long,
1,400 feet thick at the base. For
several months work on the project
has been in progress, and within a
few days actual construction work on
the dam will be begun.

The original plan was to tunnel
around the site of the dam to send
the water through the tunnel so it
would not interfere with work on the
dam, and this part of the project is
well toward completion. The tunnel
is 25 feet in diameter and about 1,600
feet long.

After the contract for this tunnel
was awarded, which went to the Rollin
Construction Co. of Boston, the Power
Co. decided to build a longere tunnel
through which the water would flow
permanently, which would give a
greater fall and thus increase the de-
velopment and the efficiency of the
project, and the contract for the new
tunnel, which will extend through the
rock and ribbed embankment two and
a half miles down the river to Sher-
man, also in the town of Whitingham,
has been awarded to the Mason-Ham-
ar Construction Co. of New York. It
will be 14 feet in diameter and will be
lined with cement.

This change necessitated the erec-
tion of a power station at Sherman in-
stead of at Davis Bridge. It will in-
crease the New England Power Co.'s
yearly output about 140,000,000 kilowatt
hours, whereas a power station
at Davis Bridge would yield an in-
crease of only 105,000,000 kilowatt
hours. It will increase the head from
200 feet to 380 feet.

The dam itself will require about
2,000,000 cubic yards of fill, which will
be taken from the river banks, hauled
out on trestles and dumped. The fine
silt will be washed into the center for
a core and will be impervious, as is
the case at the big earth dam at the
Somerset reservoir.

The Davis Bridge reservoir will con-
tain, when filled, about 45,000,000,000
gallons of water and will necessitate
an entire relocation of the Hoosac
Tunnel and Wilmington railroad from
there to Whitingham and will flood out
Mountain Mills at Wilmington.

Some idea of what the Davis Bridge
dam means to the company can be ob-
tained by comparing its development
with that at the Vernon dam, where
the yearly capacity is about 244,000,000
kilowatt hours.

About 1,000 men are employed at
the Davis Bridge works, and more are
expected. The dam is being built by
the W. F. Carey Co. of New York.

The New England Power Co.'s dam
at Somerset controls 31 of the 185
square miles of drainage area. The
Whitingham dam will control the re-
maining 154 square miles.

KRAMER TO RETIRE
FROM BIKE RACING

Champion Professional Has Been
Pushing the Pedals for
27 Years.

Newark, N. J., July 25.—Frank L.
Kramer, champion professional bicy-
cle rider of America yesterday an-
nounced his retirement, after 27
years' racing. Kramer, now 41, re-
gards the racing game as too strenu-
ous for one of his age and fears con-
tinuance would impair his health.

Kramer has done most of his rac-
ing in America, but has competed in
France, Germany, Belgium, England,
Holland, Italy and Denmark. He
won the American title annually from
1901 to 1916, inclusive and in 1918
and 1921. He also won the world's
championship in 1912, the only year
he competed for that title. Kramer
also won the amateur championship
two of the four seasons he rode as a
"Simon-pure."

DE VALERA SHOWS
STRAIN OF RECENT
EVENTS IN IRELAND

Republican Leader's Face Pale
and Drawn

FREE STATERS ADVANCE

Have Acquired Possession of Ad-
ditional Areas in Western
Portion of Island

Dublin, July 25. (By the Associat-
ed Press).—Additional large areas in
the west of Ireland have been occu-
pied by the Free State Forces before
whom the republican insurgents are
retiring precipitately, according to
today's official report.

A message from Thurloe, Tipper-
ary, filed late yesterday said the at-
tack by irregulars was expected there
last night as they had declared their
intention of taking the town which
hitherto had been held by national
forces.

Edmond De Valera accompanied the
insurgents last Sunday to Tipperary
but according to reports left for Cashel
ten miles distant next day. The
strain of recent events is said to
have left him pale and wan. The ir-
regulars are said to have burned mil-
itary barracks at Cashel and Tipper-
ary.

TWO WERE HELD FOR
FEDERAL GRAND JURY

Readsboro Men Arraigned before Unit-
ed States Commissioner Charles
A. Maurer.

Stanish Dinski and Santo Benini
of Readsboro were arraigned before
United States Commissioner Charles
A. Maurer on warrants charging vi-
olations of the Volstead act and were
held under bonds of \$500 for the fed-
eral grand jury which meets in Rut-
land in October. The two men were
brought before the commissioner of
Prohibition Agent Charles L. Brown.

During the forenoon United States
Marshal A. W. Harvey, United States
Commissioner James P. Leamy and
Agents J. H. Dugan and H. C. Sheild
arrived here from Rutland to take
part in a hearing before Commissioner
Leamy which was adjourned to
Rutland at 2 o'clock Thursday after-
noon.

The two Readsboro men are accus-
ed of making wine in quantities too
large for home consumption.
